to form a Central Fund out of the accumulated interest for giving relief to deserving individuals & institutions.

There have been instances in which two individuals have been granted monthly maintenance allowances of Rs 15 each out of Temple & Chatram Funds (Savings).

B. Raghavendrachar (absolutely blind of both eyes) is a married man and has a daughter now to protect. Being a native of Udipi his ambition is to reside there and to offer services at the Shrine of Sri Krishnadevaru by way of playing upon the Veena, Violin, Jalatharang or singing praises daily - all for the prosperity of H.H. the Maharaja & his family.

Note by the Under Secretary:-

A + B (Mwz F 98 of 1901) Of the two files put up by the office I do not think the Pirmaneda Matt file is of any value in this case For that matter Nehimi allowances are granted from all Chatrams I do not think the Petitioner is to be looked upon as a Chatram Nehimidar.

Mwz F 329 of 1908) A separated from this file and taken for reference in File No. 644-09 re affairs of the Benares Chatram.

The other file is more to the point: I cannot however recommend a grant to the Petitioner from Temple Funds. It is not clear whether in this case a grant is to be newly sanctioned or whether some old source is to be found.

Mwz F 172 of 1908) C As regards Swapadaswamy's application for a grant in November 1908 which was similarly forwarded by the Muzur Secretary it was expressly stated that the funds should be found by re-appropriation of existing charges and this was done. In the present case also I wanted to find such a source, especially as on the 9th November, when I got

got the Second Councellors Note at Ellpone, I had just returned from Sarvepur where the Amuldar had Casually informed me that a Life Stipendiary getting Rs 90-12-0 a year was dead and that the amount of Stipend Continued to be provided for in the Budget I thought that it was the best Source for the grant to the Petitioner and so waited to investigate the matter in person on my next visit to Sarvepur which was to come off Soon. This investigation has not enabled me to make any definite recommendation to Government

(Inuz 50 of 1904)

In the meantime the Government Advocate's opinion on the Gauyam — Pandurang, Soneswar file was received The Government Advocate Said that Government Could relive the grant but could not give more than the Survey Assessment of the land. As ~~that~~ the final order proposed in that Case is to re-assess the lands ~~where~~ from Quasi tenure was once restored and as the Institutions for the benefit of which the lands were granted are not now in

in existence, I submit that the Survey Assessment may fairly be spent on other Charitable purposes & it will be seen that the principle stated above is well known in civil Law where a Charitable bequest being once established, Courts of Chancery have jurisdiction to administer the fund Cypres if the objects happen to fail and will not permit it afterwards to drop for want of objects (Page LXXII Introduction in Ganapati Iyer's Book on Religious Endowments). This principle has been referred to by the Second Councillor in the Thonavina Kutki Case which I believe is to be considered in Council.

I fear that the Objects are not sufficiently similar — H. H.

(Muz 629 of 1908)

If this principle is conceded, the next question is whether the amount will be sufficient. I was under the impression that Rs 1041 a year would be available. This I find was the Maji Beriz of the inam lands and that the Survey Assessment was only Rs 60/-. The latter is, perhaps, too small a sum.

The decision of the State for all to payment of allowances out of the State funds under a very inconvenient precedent when once a beginning is made it may be difficult to stop. Applications, no doubt, will be granted. So in this case of deceased Maharaja Sir Singh-rep denied a reappropriation. In this case also we must pay out of these unexpended grants; or an allowance may be given sanctioned from State funds after Consulting the Financial Secretary and obtaining the order of H.H. the Maharaja if necessary.
